

INGREDIENT ANALYSIS: WILD BLUEBERRY

PLACE
SYSTEMS
RESPONSIBILITY
CHANGE

Investigate this ingredient. Discover where it comes from and how it is used today. Fill in each section using what you learn about its history, production, and impact on people and the environment.

Origin or Place

Where does this ingredient come from?

Who first used or understood it?

Journey and Food Systems

How did it get from its source to us?

What systems (natural, agricultural, or industrial) made that possible?

Responsibility

What should we consider about its environmental or social impact?

Who has benefited—and who may have been impacted?

Change over time

How has the way we produce or use this changed over time?

What caused those changes?

What does this ingredient reveal about history, culture, or society?
